June 1, 2017

Dear Elders, Community Members, Partners and Friends:

On behalf of the Ottawa Aboriginal Coalition (OAC), I am pleased to welcome you to this Aboriginal Community Forum. I hope that you enjoy this evening and participate fully in the discussions that we will have, particularly around the History Project that the OAC has undertaken.

On May 25, 2017 the Government of Canada launched the new Urban Programming for Indigenous Peoples (UPIP). UPIP is a new initiative based on feedback from national engagement sessions on the former Urban Aboriginal Strategy in the summer and fall of 2016. UPIP will provide four broad streams of funding:

- ▶ organizational capacity;
- ▶ programs and services;
- ▶ coalitions; and
- ▶ research and innovation.

These funding streams will ensure that coalitions, such as ours, will have the tools they need to deliver key programs and services to urban Indigenous populations across Canada.

As mentioned at our last Community Forum in February of this year the OAC remained very active in our community in 2016, including:

- ▶ Contributions to the federal government's consultation process around the Urban Aboriginal Strategy.
- ▶ Continued participation in full partnership with the City of Ottawa on the Aboriginal Working Committee.
- ▶ Participating on the Aboriginal Community Advisory Committee (ACAB) for Housing First.
- ▶ Coordination and participation in an Aboriginal Awareness Day with the City of Ottawa, that included the renewal of an annual proclamation from Mayor and Council regarding National Aboriginal Day.
- ▶ Participating with the City of Ottawa on cross-cultural activities and discussion workshops on Aboriginal issues with City staff members and Aboriginal community members.

- ▶ Two Elder's lunches.
- ▶ An Elder's lunch and a youth gathering to gather input into the Urban Aboriginal Health Strategy.
- ▶ Worked with the Canada 2017 in preparation for the 150-year celebrations.
- ▶ Actively seeking new relationships and funding opportunities.
- ▶ Confirmation of funding to work on a homelessness project through the Ontario Federation of Indigenous Friendship Centres.
- ▶ Successful application of our funding agreement with Indigenous and Northern Affairs.

We also updated our strategic plan to reflect the work that we want to accomplish for the community. As the Chair of the OAC, I have the responsibility to maintain our relationships with other UAS sites at the provincial and national level.

I want to thank our community partners who continue to work with us to strengthen the Ottawa community that welcomes and supports Aboriginal community members.

On behalf of all the members and partners of the OAC, I would like to recommit to the community that the Executive Directors, who are the members of the OAC, will continue to work on your behalf and show that strength and beauty of the Aboriginal community.

We wish you all a safe, healthy, and enjoyable summer!

Ottawa Aboriginal Coalition

Dear Ottawa Aboriginal Coalition,

On behalf of Ottawa City Council, it is my pleasure to extend a warm welcome to all attendees of the Ottawa Aboriginal Coalition's Aboriginal Community Forum on June 1, 2017 at Ottawa City Hall.

In 2007, City Council approved the creation of the Aboriginal Working Committee (AWC), a partnership with the Ottawa Aboriginal Coalition (OAC), the Ottawa Police Service, the United Way and the Ottawa Carleton District School Board. Since its inception, the AWC has focused on building relationships with Aboriginal community agencies and residents, and enhancing service delivery for the Aboriginal community in Ottawa.

We know that the focus on relationship building has been productive. AWC members are committed and agree that this relationship model is a best practice. This would not be the case, without the cooperation, mutual support and commitment of the OAC. Thank you for working with us to serve our wonderful community.

The City's relationship with Ottawa's Aboriginal community agencies and residents is very important to us, and our partnership is an example of what can be accomplished when we open up, learn about and listen to the community we serve.

This meaningful partnership will ensure that we continue to take steps towards reconciliation so that 2017 can be a year of healing, growth, and celebration for all citizens.

Allow me to convey my best wishes to the participants for a successful Community Forum.

Sincerely,

Jim Watson, Mayor/Maire

Ottawa Aboriginal Coalition

Mesdames et Messieurs les membres de l'Ottawa Aboriginal Coalition,

J'ai le plaisir de souhaiter la bienvenue, au nom du Conseil municipal d'Ottawa, à tous les participants au forum sur la communauté autochtone de l'Ottawa Aboriginal Coalition, qui aura lieu le 1^{er} juin 2017 à l'hôtel de ville d'Ottawa.

En 2007, le Conseil municipal a approuvé la création du Comité d'étude sur les questions autochtones, qui réunit l'Ottawa Aboriginal Coalition (OAC), le Service de police d'Ottawa, Centraide et l'Ottawa Carleton District School Board. Depuis sa création, ce comité s'est efforcé d'établir des liens avec les organismes communautaires et les résidents autochtones et d'améliorer les services offerts à la communauté autochtone d'Ottawa.

Nous savons que les efforts consacrés à l'établissement de liens ont porté leurs fruits. D'ailleurs, les membres du Comité d'étude sur les questions autochtones s'entendent pour dire que la création de liens est un modèle à suivre. Il faut toutefois souligner que ce modèle ne connaîtrait pas une telle réussite sans la coopération, le soutien et l'engagement de l'OAC. Merci de nous aider à servir notre merveilleuse communauté.

Les relations de la Ville avec les organismes communautaires et les résidents autochtones d'Ottawa sont pour nous une priorité, et notre partenariat est un exemple de ce qui peut être accompli lorsque nous nous ouvrons à la communauté que nous servons, que nous nous y intéressons et que nous l'écoutons.

Ce partenariat significatif nous permettra de continuer à prendre des mesures en vue de la réconciliation afin que 2017 soit une année de guérison, de croissance et de célébration pour tous les citoyens.

Je souhaite à toutes et à tous un forum communautaire des plus réussis.

Veillez agréer, Mesdames et Messieurs, mes sincères salutations.

Additionally, through Madawan Management & Development Inc., a parallel corporation to Gignul, we own and operate a 28-unit affordable housing project located in one building near the St. Laurent shopping mall in the east end of the City.

The projects are intended to create seating space for story-telling and general conversation. The lead architect is Manuel Baez, an Associate Professor at the Azrieli School of Architecture and Urbanism at Carleton University.

Gignul Housing continues to explore a number of development options and opportunities for the creation of new community housing. This includes seniors housing, a mixed development that would bring together seniors and single mothers as well as general development for the Indigenous community.

Koki Mino-Miikan Nosawadoon

(Algonquin: "Following the Good Road Again")

OVERVIEW:

Koki Mino-Miikan Nosawadoon is an organization that is dedicated to providing programs and services for Aboriginal offenders and individuals at risk of being repeat offenders in the City of Ottawa and surrounding area. Our mandate is to help decrease the rate of incarceration and those entering the criminal justice system. It is well known that Aboriginals are overrepresented in the criminal justice system.

Koki Mino-Miikan Nosawadoon is Algonquin for "following the Good Road again." Many Aboriginal offenders have fallen, been led down, or strayed from the "Good Road." In most instances this is not the fault of the Aboriginal offender, but the circumstances in which they were exposed to. Most Aboriginal offenders are in a fragile and broken state in which they need help to get back on the good road again.

Koki Mino-Miikan Nosawadoon or "Mino-Miikan" for short, will offer programs and services that will provide assistance to Aboriginal offenders and individuals at risk of being repeat offenders as they move through the criminal justice system. These programs and services will be culturally appropriate and embedded in the principles of restorative justice and be made available at all stages of the criminal justice system including: Prevention, Pre-Charge, Post-Charge, and Reintegration.

NEWS/HIGHLIGHTS/UPCOMING EVENTS:

Mino-Miikan continues to operate unfunded. In the past year, Mino-Miikan has begun to develop partnerships with various stakeholders within the Criminal Justice system. It has made contact with neighbouring First Nation communities to begin developing partnerships with programs and services that cater to Aboriginal offenders.

Mino-Miikan has entered into partnership building with the Ottawa Police Service (OPS) and the Ontario Court of Justice and Superior Court of Justice. The ED has met with and will continue to work with outreach team leaders of the OPS to engage in knowledge-sharing as well as to ensure best practices are employed where Aboriginal individuals are concerned.

The ED has begun communication with the Crown Attorney and various Judges to determine how Mino-Miikan can integrate their future services with the Court. Mino-Miikan is currently working to develop a volunteer program in which basic services will be made available to Aboriginal offenders who are attending bail hearings, diversion, and non-custodial sentencing. It is hoped that a partnership will be built with the Faculty of Law at the University of Ottawa to provide Aboriginal law students with placement opportunities.

The ED of Mino-Miikan is a member of various "justice" themed committee's providing a voice for Aboriginal offenders as well as the urban Aboriginal community in general. The ED is a representative of the Ottawa Aboriginal Coalition for COMPAC (Community and Police Action Committee) which is a OPS community engagement committee. Tungasuvvingat Inuit

Tungasuvvingat Inuit

OVERVIEW:

- Tungasuvvingat Inuit – “a place where Inuit are welcome”. We are a not-for-profit, registered charitable organization.
- It is the mission of Tungasuvvingat Inuit (TI) to broadly provide Inuit-specific programs that contribute to the health and well-being of Inuit and to encourage and support similar programs for Inuit across the country.
- TI is a registered, charitable, not-for-profit organization, offering more than 20 highly integrated, front-line services. The agency is the only Inuit-specific service organization of its kind in urban Canada offering support through the entire life cycle.
- TI has 30 years of highly successful experience in crafting the design, development and delivery of a wide range of effective, client-centered services.
- With about 30 per cent of Inuit now living outside of the north, TI is recognized as a leading advocate for urban Inuit and is prominent within the framework of national Inuit organizations.
- Our comprehensive agency is a respected leader and the primary model for Inuit-specific service delivery, working in both urban and non-urban settings. We partner with over 60 Inuit and non-Inuit organizations.
- TI is called on to provide advice and support on Inuit topics to other agencies across the country; such as courts, hospitals, schools and social services agencies. We offer them information on Inuit culture and values, resources for Inuit-specific programming, an understanding of Inuit rights in the city and information on labour market engagement including financial assistance for Inuit post-secondary students and employment and training opportunities.
- The majority of TI's staff is Inuit. The organization serves a critical and invaluable role in the education, training and development of high-performing Inuit professionals.
- TI prides itself on a rich history of community development. With limited Inuit specific resources available, several TI projects have evolved into standalone Inuit service providers, enriching the options for Inuit needs to be met and strengthening the community voice. Beyond Ottawa and across southern Canada, TI has been working with Inuit in many cities to help strengthen and develop local capacity to better meet the needs of Inuit.
- Our agency has received mainstream recognition as a centre of excellence in several of our programs. TI is supported by more than a dozen public and private funders, including all levels of government.

TI is the only established Inuit specific service organization of its kind in urban Canada and as a result it is called upon to provide advice and support to other agencies across the province and country. TI's mandate includes:

- To provide supportive counseling and crisis intervention;
- To provide referrals to health and social services;
- To provide employment and training assistance;
- To provide family, youth and child support programs;
- To provide recreational and cultural programs;
- To assist with adjustment to southern urban culture;

- To provide a place for community gatherings and cultural events;
- To provide cultural awareness and knowledge through programs and education;
- To partner with governments and agencies in the design and delivery of programming and services; and
- To liaise with national, regional and community Inuit organizations on behalf of Ontario Inuit.

Inuit Blanket Toss

- Community members gather around the blanket and grabbing, pulling and holding tight to the blanket. The blanket and supporters will catch the individual in the air - no matter how high an individual is falling from, or how many times they are tossed.
- Like the blanket toss TI's supports will "catch" anyone who is in need of our support. The integration of all our programs is the cornerstone of our community of services.

BOARD AND STAFF:

- TI Board members have a wide variety of backgrounds and expertise and share a common interest in community services for Inuit living outside of Inuit Nunangat.
- The Board normally meets 6-8 times per year and as needed for special projects or initiatives.
- The Board of Directors governs TI by setting the strategic direction of the organization. The Board oversees and works with the Executive Director in providing a working environment which ensures that Inuit cultural and historical values are reflected in all corporate decisions and undertakings.
- As of January 2017, the TI team is comprised of 58 dedicated and talented staff, majority of TI staff are Inuit and have significant experience working with and on behalf of the Inuit community.

ABORIGINAL COMMUNITY ADVISORY BOARD (ACAB)

COMMUNITY FORUM – JUNE 1, 2017

Aboriginal Community Advisory Board

The Aboriginal Community Advisory Board (ACAB) is comprised of representatives from the following agencies with the exception of the Chairperson, who is a community member:

- Minwaashin Lodge;
- Tungasuvvingat Inuit;
- Wabano Centre for Aboriginal Health;
- Tewegan Housing for Aboriginal Youth; and
- Gignul Housing.

ACAB is responsible for the development of the Aboriginal Community Plan for Ottawa, making annual updates to the Community Plan and submitting it to ESDC for approval. It also provides recommendations to OFIFC (Ontario Federation of Indigenous Friendship Centres) as the community entity, as to what supports are necessary to address gaps in service delivery when funding opportunities presents.

ACAB Objectives

- To minimize duplication of services.
- To increase the visibility of the Aboriginal homelessness issues/concerns.
- Appropriately identify resources and programs to end homelessness.
- To continue to advocate on behalf of the Aboriginal community on issues affecting urban Aboriginal homelessness.

A Year in Review

Housing First

Housing First (HF) is a recovery-oriented approach to homelessness that involves moving people who experience homelessness into independent and permanent housing as quickly as possible, with no preconditions, and then providing them with additional services and supports as needed. The underlying principle of Housing First is that people are more successful in moving forward with their lives if they are first housed.

Housing First was implemented in Ottawa in April 2015 with a focus on housing individuals who are chronically or episodically homeless and living either in a shelter or sleeping rough. ACAB agencies currently delivering services under this model include: Wabano, Tungasuvvingat Inuit and Minwaashin Lodge. Despite some initial challenges with the implementation of this model, agencies have demonstrated success with housing and supporting some of the most vulnerable Aboriginal people in our community.

As of December 31, 2016 the three agencies delivering Housing First (Tungasuvvingat Inuit, Minwaashin Lodge, and Wabano Centre for Aboriginal Health) have collectively served approximately 294 individuals and housed 116.

In addition to Housing First services, the ACAB members actively participate on the A Way Home Ottawa coalition which aims to develop a plan to reduce, prevent and end youth homelessness in the National Capital Region.

Community Events

In March and August of 2016, agencies delivering HF services collaboratively held two community feasts which were attended by approximately 150 individuals experiencing homelessness. These events proved to be a wise practice when wanting to engage with Aboriginal people who are experiencing homelessness. Building on the success of the community feasts, agencies will continue this practice.

Moving Forward

The Aboriginal Community Advisory Board will continue to work at building trusting relationships with all agencies in Ottawa in an effort to develop effective, cooperative partnerships that will serve to ensure that Aboriginal people experiencing homelessness are supported with obtaining and maintaining housing.

Truth and Reconciliation Calls to Action
Guidance from Circle of Elders**

In 2007, Ottawa City Council endorsed the creation of a City of Ottawa Aboriginal Working Committee (AWC). The mandate of the AWC is look at ways to address emerging issues that impact Aboriginal people in Ottawa, and continuously improve services provided to the Aboriginal community. Membership of the AWC currently includes staff from various City of Ottawa departments, the Ottawa Aboriginal Coalition (OAC), Ottawa Police Service, the United Way, the Champlain Local Health Integration Network, the Ottawa Carleton District School Board, and the Ottawa Catholic School Board.

The Aboriginal Working Committee (AWC) is a very meaningful Aboriginal-Municipal partnership, anchored in mutual respect and earned trust; it has made significant progress in various program areas across the City based on the priorities of the Ottawa Aboriginal Community. This partnership also demonstrates a commitment to reconciliation. As a municipality, our continued commitment to this partnership includes looking at how we can acknowledge the significant work and findings of the Truth and Reconciliation Commission (TRC) and incorporate the "Principles of Truth and Reconciliation" into our work.

In the fall of 2016, staff from the Community and Social Services department, along with members of the Ottawa Aboriginal Coalition, met with First Nations, Métis and Inuit Elders and Traditional Teachers. The Elders were asked for their insights on what the City could do to demonstrate Reconciliation. Their views and perspectives were wide ranging and enlightening. Several themes emerged during the discussion, such as:

- Action is important (the community needs to see tangible results)
- Focus on youth (youth will bring back the Aboriginal culture)
- Education (create awareness of Aboriginal culture, change behaviours, address discrimination)
- Respect and Trust (reflecting the significance of and need to improve)
- Involvement of the Elders makes a difference (be more engaged; to share history and culture).

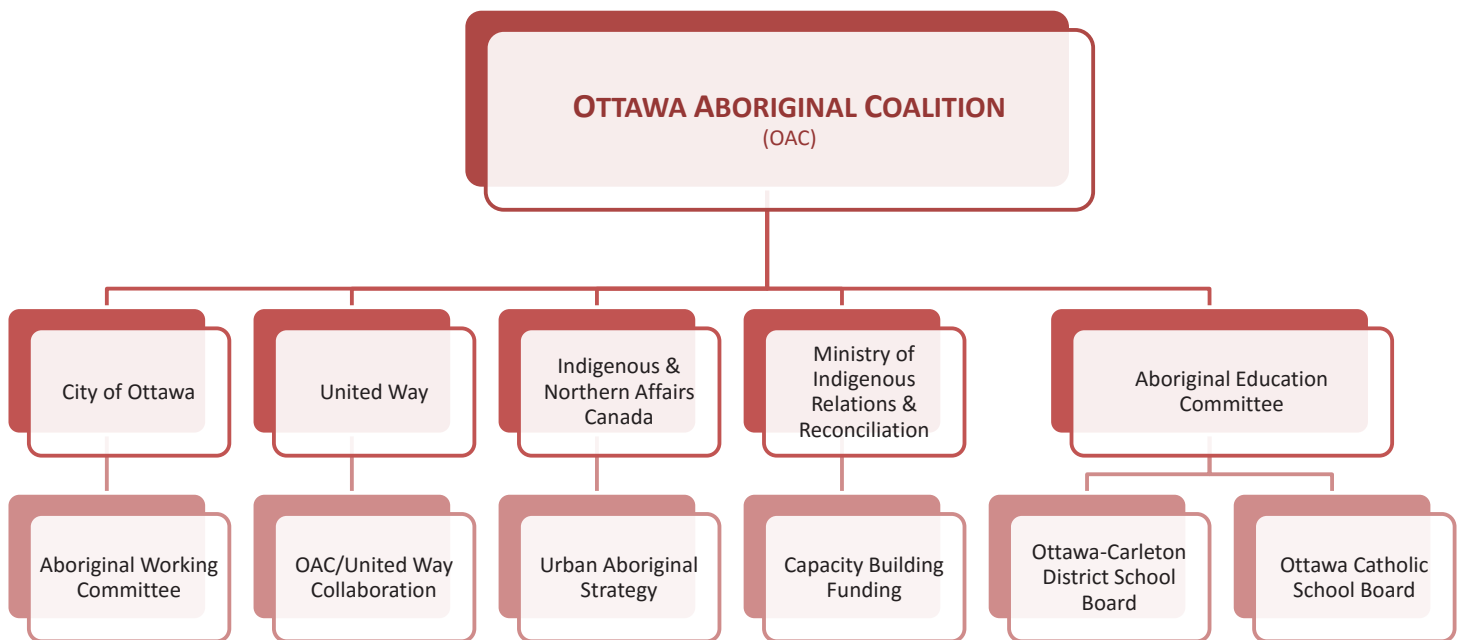

We are grateful to the Elders for their time, wisdom, clarity and insights. The themes that emerged through discussions with the Elders, along with the TRC's Principles of Truth and Reconciliation, will be used to plan municipal actions and commitments related to Truth and Reconciliation. Suggested actions will be brought to City Council for consideration in 2017.
